Our Candidates

TO TATOU **Arataki** OUR LEADER

In 2022, the Cook Islands United Party entered into its first elections with 17 candidates and won 3 seats in Parliament. Making history in the arena of politics, as a newly established party.

As a political party, we have focused on meeting the needs, concerns and aspirations of our people. With the financial and human resourcing provided by T & M Heather Construction Ltd, the Cook Islands United Party was able to meet the needs of the people within and outside of our relative constituency boundaries.

We are thankful to the many people in the community, businesses, traditional leaders and church organisations that worked with us. Together, we have:

- Improved the healthcare of our elderly by providing reliable 24/7 transportation to the hospital and other medical therapy treatments through the establishment of 'Oronga no te Mana Tauturu Incorporated.
- Purchased a 'Community Police Jeep' to assist the Puaikura Vaka Police.
- Revived the 'Ruaau Child Welfare Centre' to assist our new born children and families.
- Restored 'Kura Akaangi Marae' to remind us of the arrival of the Gospel to Rarotonga.
- Renovated the Arorangi CICC Grounds both internally and externally in support of the 200 years celebration.
- Protested publicly on issues of concern ranging from New Zealand Passports to Protection of Our Ocean.
- Supported the investiture of Makea Ariki by assisting with the traditional umu kai for 3000 guests.

TO TATOU Akakoro'anga OUR LOGO

For 200 years, the Cook Islands have been influenced by the Christian principles of FAITH, HOPE, AND LOVE. These principles influence the thinking and actions of the Cook Islands United Party.

The 'Dove' represents unity, community well-being and compassion to build and maintain relationships with respect.

The '15 stars' represent each island that makes up the Cook Islands and are specifically circled around the frame of the logo to represent the importance of each individual island.

The 'Blue' background signifies our geographical position in the Blue Pacific region and our relationship with Pacific and international countries.

OUR VISION

Empowering the aspirations of our people will be our priority.

OUR MISSION

To stay connected and responsive to the needs of our people.

TO TATOU Ora'anga Tangata OUR VALUES

Tu Tauturu | To Help

Supporting the elderly, parents, youth, children and people with disabilities and special needs.

Tu Akono | To Protect

Protecting our environment, culture and traditions.

Tu Tavini | To Serve

Serving our communities.

Tu Akakoromaki | To Persevere

Serving with patience, respect and understanding.

“Our Journey”

Kia Orana To Tatou Iti Tangata O Te Kuki Airani,

This year has been a defining and eventful one for the Cook Islands United Party. On Wednesday, 25th March 2026, we proudly launched our Manifesto at Aroanui Hall to a full and enthusiastic crowd – an inspiring show of support from our people.

What made this moment truly special was the journey leading up to it. For three months our candidates for the 2026 General Election, alongside their executives, and various community groups from Rarotonga, Pa Enua and overseas, worked together to shape and develop our manifesto. It is a document built by the people, for the people.

It is now time for our awesome team of candidates to put the Manifesto into action. They stand united with a clear purpose to serve our people. This is because they know and understand the challenges our people are faced with daily. They are experiencing it too.

Leadership is not about privilege – it is about responsibility. It is about putting our people first, listening to our communities, and delivering real results where they matter most.

Our vision and future is one where our people can live, work, and thrive right here at home.

Te Atua Te Aroa

Ms Ina Richmond
General Secretary

Vaka Puaikura

The Cook Islands Christian Church in Arorangi is an historical site that captured the reshaping of cultural practices, governance and daily life.

It is a physical reminder of the day when the teachings of Christianity were brought to Arorangi by indigenous missionary Papeiha and received on the 25th July 1823 by Tinomana Enuarurutini Ariki.

***“Leadership guided
by Christian principles.”***

TO TATOU **Arataki** OUR LEADER

Teariki Heather - Murienua, Rarotonga

Leadership and Government

The type of leadership and government we need really comes down to values – how we balance tradition, democracy, accountability, development, and the wellbeing of our people in both Rarotonga and the Pa Enua.

STRONG DEMOCRATIC LEADERSHIP

A healthy system depends on leaders who are answerable to the people, not just political parties or cabinet.

PEOPLE CENTRED GOVERNMENT

This means government decisions are measured by impact on ordinary people. A people centred government asks: "Does this improve life for families, elderly and people with disabilities?". It is 'Island Context Specific'. We live uniquely in the Pa Enua and Rarotonga.

'LEADING THE WAY'

1 Corinthians 13:13

***And now these three remain: faith, hope and love.
But the greatest of these is love.***

With 50 plus years in business, 22 years in politics and a life commitment to the people of Puaikura and the Cook Islands; I am excited to lead the Cook Islands United Party and our team of Candidates for the 2026 elections.

Working with respect and appreciation of others is key to building credibility, life-long friendships and long-term loyalties in any community. It also requires humility, hard work and honesty. These values keep us connected to what matters the most; that being our faith in God, family, and those in need in the community.

There will always be daily challenges in our life personally, in the community, and in business. This is why Monday to Saturday our company T & M Heather Construction and Contracting Ltd, spend the first part of the day in biblical devotion before starting work. Making time for God is a must.

As our Cook Islanders continue to migrate to New Zealand or Australia. The need to import an array of foreign workers from around the world becomes necessary and with foreign workers they will bring their values and spiritual needs with them. These values and spiritual needs do and will continue to impact on the way we live in the Cook Islands.

The need to proclaim the Cook Islands as a 'Christian Nation' is indeed upon us.

This will require a constitutional change to the 'Constitution of the Cook Islands. Our overarching law of all laws. By doing so, we will ensure our Christian values do not erode with the widening influence of other religious faiths. Instead, it will bring faith, hope and love to guide us into the newness of the future of the Cook Islands".

Empowering Young People

Our youth are the foundation of tomorrow, and our elders the wisdom from which to strengthen the bonds that hold our community together.

When young people know they belong and have a voice, they are empowered to reach their full potential. Every young person should feel connected, valued, supported, and hopeful.

For young people this means creating and widening pathways to education, employment, leadership and fostering a strong sense of cultural identity and belonging. These are practical steps that are do-able and able to address the challenges young people face today, but more importantly, it creates spaces where they feel safe, seen, heard, and valued.

Pa Metua Healthcare

Our Pa Metua should be supported to age safely, actively, and with dignity in their own homes and communities.

Supporting elderly people to live independently at home requires a mix of transport, community care, safety, and social connection.

Setting up volunteer driver programs using trusted local drivers, and coordinating health check days, shopping days and village events so transport can serve several elders at once.

Collectively, it becomes a service that is owned and driven by the community to better support our pa metua in the village.

'SENSE OF DUTY'

"Married with five children and three grandchildren, I bring life lessons learnt from involvement in community, sports, culture and the invaluable experiences I gained as a former Puaikura Mayor. I have a duty of care to our elderly and at-risk youth who suffer from neglect and high cost of living pressures, which urges me to stay connected with our most vulnerable. Our people, language, culture and Christian principles are under threat from foreign influences, but our priority must be to protect and preserve our unique way of life."

Vaka Takitumu

There are three Cook Islands Christian Churches in Takitumu, located in Matavera, Ngatangia and Titikaveka.

The construction of each church is unique. Each holding its own powerful testimony to receiving the Gospel of Jesus Christ through their Ariki, Mataiapo and Rangatira.

Indigenous missionary Papeiha was able to connect and apply Christian principles to the cultural way of living in Rarotonga. This approach to sharing the Gospel of Jesus Christ built a stronger sense of community and village life.

Building Safer Communities

Everyone deserves to feel secure in their homes, villages, and public places, able to enjoy freedom and peace. Our commitment is to build safer communities from the ground up—working alongside people to have grounded and real solutions.

We will prioritise early support for young people, families, and those at risk, addressing challenges before they turn into crime. By partnering with traditional leaders, churches, families, and essential services, we can address the root causes and drivers of crime. Through fair, transparent policing and genuine collaboration, we create safety that is shared, trusted, and owned by all of us.

Health Governance and Leadership

Health is the foundation of a strong Cook Islands. With strong leadership, we can build a system that supports people early, strengthens families and equips health workers with the tools and respect they deserve.

We believe in prevention, better access to care, and practical services that reach our children, pa metua, people with disabilities, and those recovering from illness.

Health is one of our greatest investments. By working together – communities, caregivers, churches, and health professionals - we can create a healthier, more caring, and resilient future for every person and our nation.

'BETTER HEALTH STARTS IN THE HOME'

I have spent my life looking after people. A nurse and midwife by training, I have served the Cook Islands as a nurse and a midwife then as Secretary of Health and later represented nurses and midwives globally as Chief Nursing Officer for the World Health Organization in Switzerland. Now standing for Titikaveka, I bring proven leadership, practical health experience, and a strong commitment to families, caregivers, pa metua, people with disabilities, and the health workers who serve our communities every day. I have also nurtured three children and continue to support the nurturing of my three grandchildren, experiences that have deepened my understanding of care, responsibility, and the importance of strong family support. My message is simple: better health starts at home, prevention matters, and our people must always come first.

TO TATOU Tavini OUR CANDIDATE

Mapi Ioteva – Ngatangiaa, Rarotonga

Traditional Leadership Ui Ariki, Ui Mataiapo, Ui Rangatira

Traditional Leadership embraces, respects and nurtures our cultural values, guided and strengthened by Christian biblical principles.

It is a governance style grounded in humility, responsibility, and accountability – one that nurtures the land and sea to sustain the community, while providing pastoral care for the emotional and spiritual wellbeing of the village.

Future generations are at risk of losing the cultural forms of governance, knowledge, and practices that define our identity.

Active preservation and protection through everyday practice are essential to ensure these values continue today, and tomorrow.

'COMMITTED TO RESPONSIBILITY'

"I am married to Mataipakia Marevatai.

Together we have 5 children, 3 girls and 2 boys. We also are blessed to have 2 grandsons too.

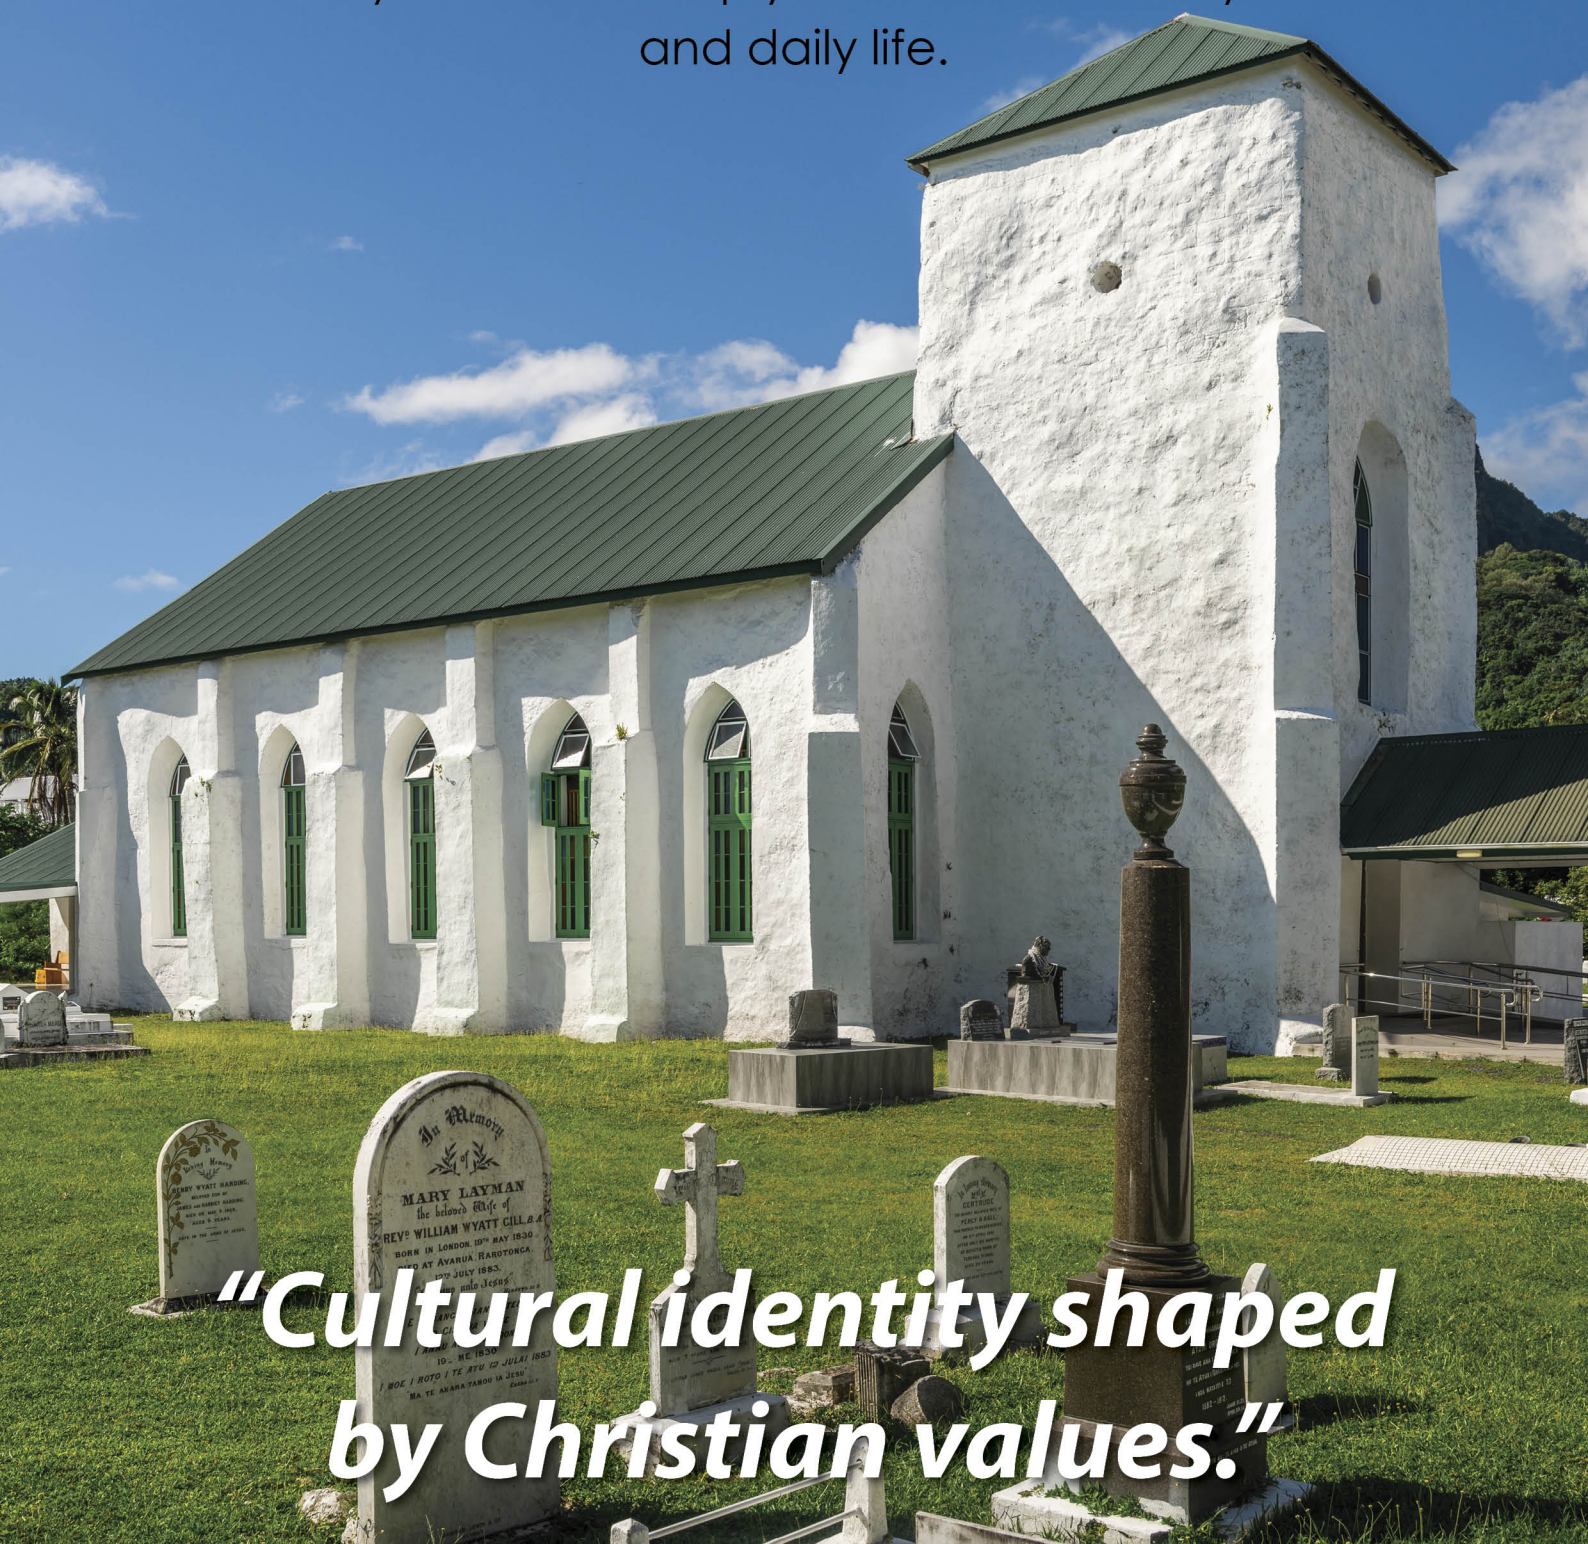

Lessons learnt, experiences gained and relationships built during the 2022 General Election has encouraged me to stand again for Ngatangiaa. My village upbringing, and my family legacy is what makes me want to take up the responsibility – to serve, to listen and to build a stronger future for my village of Ngatangiaa and the people of the Cook Islands."

Vaka Te Au O Tonga

There are two Cook Islands Christian Churches in Te Au O Tonga, located in Avarua and Nikao.

Avarua stands as a divine weaving of Christian faith and cultural identity in Rarotonga.

Christianity became deeply woven into identity, culture, and daily life.

The preservation of Cook Islands culture, language, and identity is essential to the future of our nation. Our reo Māori, traditions, values, and cultural knowledge connect us to our ancestral heritage and provide a strong foundation for future generations. I am committed to supporting initiatives that strengthen cultural education, protect our heritage, and ensure our language continues to thrive in homes, schools, and communities.

At the same time, we must build a caring and inclusive society where every person has the opportunity to live with dignity. Strengthening social welfare, supporting vulnerable families, improving access to essential services, and investing in community wellbeing are vital to a stronger and more resilient Cook Islands.

Protecting Our Ocean

Our ocean is a living and interconnected space that lies at the heart of our identity, heritage, and ancestry. For generations, our ancestors traversed Te-Moana-Nui-o-Kiva, guided by an intimate understanding of the stars, currents, winds, weather patterns and marine ecosystems and the wisdom to always find their way home.

Today, we face decisions that may permanently harm our fragile ecosystems beyond repair, undermining the cultures, livelihoods, and communities that depend on them.

We are committed to safeguarding and responsibly stewarding our ocean, ensuring that its health, abundance, and cultural significance are protected for future generations.

Families and a Fair Standard of Living

Every Cook Islands family deserves a fair standard of living. From our children to our elderly. People must be at the heart of every decision.

While increasing the minimum wage is important, it must be matched by reviewing tax thresholds. There is little benefit in raising wages if families lose much of that gain through taxation and rising living costs of food, housing, utilities, and everyday essentials.

Equally important is quality education, support for families, and dignified care for our elderly. Strong families build strong communities, and strong communities build a stronger Cook Islands.

Farmers, growers, and fishermen across Rarotonga and the Pa Enua are a powerful economic force. With the assistance of a stimulus package, they will once again be a major contributor towards the Cook Islands economy.

By making full use of our land and ocean resources, our people can increase local food production, supply fresh fish and produce to Rarotonga, and reduce dependence on imported goods.

This creates healthier food choices, strengthens food security, encourages active lifestyles, and fosters village-based enterprise.

It is an opportunity to bring our people together, both young and old, into productive activities, and together build a stronger economy.

As Ta'akoi Mataiapo, it is my responsibility to care for the community in a way that meets the needs of our pa metua, e te tamariki. The cost of living is very expensive, especially the increase of cost for power, gas, petrol and food. People are struggling to pay these bills. There is a need to support start up and existing small enterprises for our people. The type that creates employment opportunities for our people and develops owner-operated enterprises."

Community Informed Legislation

Strong policy begins with listening to the community. This creates better-informed legislation that is responsive, effective, and grounded in the realities of our people living in Rarotonga and the Pa Enua.

With the high demand for imported labor to meet workforce needs, workforce policies need to balance economic needs with the protection of our cultural identity and constitutional foundations.

Any legislation must be carefully designed to support development while safeguarding the values, traditions, and wellbeing of the Cook Islands Māori people.

'SHAPING POLICY THAT WORKS'

"Beyond my professional career as a lawyer, my wife, Matha Soatini, of 40 years of marriage, has been my greatest support in both my legal work and pastoral charge. Serving as a Minister of God's Word for the Cook Islands Community and working with the Pacific Advisory Council of NSW, I have seen firsthand the power of selfless service. My life's work in these fields was honoured with the 'Living for Others Award' from the International Federation for World Peace, a recognition that reflects my core belief: policies and ministry must be both efficient and effective in meeting real social needs. As a lawyer, I believe policy must be grounded in evidence, not ideology or suspicion. What matters is what works, for whom, and under what conditions."

Re-populating the Pa Enuā

With ongoing depopulation and limited industry, the Pa Enuā face significant challenges. To reverse this trend, we must support our people to develop and maximise the resources we already have in our land and ocean.

This starts with providing essential tools such as tractors, equipment, fertiliser, training, and targeted subsidies to increase local production. By becoming more self-sufficient and supplying Rarotonga's growing resident and tourism markets, we can reduce reliance on imported goods and keep more money within the Cook Islands economy.

Supporting innovation, small businesses, and value-added products will create jobs, encourage families to remain in the Pa Enuā, and build stronger, more sustainable island communities.

'HELPING OUR PA ENUA'

"Living in Mitiaro is expensive. People are leaving and heading to Rarotonga. There must be a way that we can reduce costs and keep our people in Mitiaro. The recent increases in petrol, freight, airfares and goods imported are realities for our people in Mitiaro. A reliable option is to find ways to offset these increasing costs, collectively with the community."

He

A tainted heart
That's been wounded by a million darts
His scary sores
Has he been to war?
He ponders on the end
Of the white sandy shores
Cradles his arms
He shares no remorse

He's been through a lot more
Most like raging storms
He lives in distraught
A fighter who shares no remorse
Because his own
Left him to be torn
By the million darts
That he fought on his own
